

Present: Kandy Hillam, Lucie Jarrett, Caroline Green, Sherrie Hardy, Carol Ryan

Topic	Discussion	Action
1. Update of evaluation of November 2002 conference	Caroline Green reported very positive results, and school nurses were very happy with the programming. Especially positive about Dr. Mary Murray, and the girl newly diagnosed with diabetes. Some of the other comments were more with logistics, and not with presentations, topics, etc.	
2. Video tapes for the School Districts	<ul style="list-style-type: none"> <li>• The UDPCP has some funds which can possibly be used to purchase video tapes (couple thousand may be possible) – one for the teachers/staff, and one to show the children/students</li> <li>• Discussion about the various tapes. And one was viewed “Classmates with Diabetes”</li> <li>• Those who viewed thought this was still a good tape to show children in the classroom setting</li> <li>• The video for the teachers/staff – “Living with Diabetes: Tips for Teachers”.</li> </ul>	<ul style="list-style-type: none"> <li>• Kandy will get current prices for these two tapes</li> <li>• Carol Ryan will get budget amount that can be allocated to this</li> <li>• Caroline will get the optimal number of sets to distribute to school districts, and second option (depending on budget)</li> </ul>
3. Next Projects	<ul style="list-style-type: none"> <li>• Re-visit care plans – update</li> <li>• Look at National Standards when doing revisions</li> <li>• Look into possibility of getting on ‘agenda’ for a New Nurse Orientation if one is held this fall.</li> <li>• Look at possibly putting together material for School Nurses addressing the their scope, delegation, “can’s and can’t”, etc.</li> </ul>	<ul style="list-style-type: none"> <li>• Lucie to get ideas, comments, suggestions Dr. Murray had.</li> <li>• Caroline – bring relevant parts of the Nurse Practice Act</li> </ul>
4. Next Meeting	Monday, April 7, 2003 Utah Diabetes Center 4:00 p.m.
